

Ener-Terra HC

Acid Replacement

- Biodegradable • Non-Caustic • Non-Acid • Non-Corrosive • No Fumes
- No VOC's

Description

Enerterra HC is a powerful and completely safe, non-corrosive descaler for the removal of stubborn water scale in industrial applications such as boilers, condensers and heat exchangers.

Sizes: 4x4 litre; 20 litre; 210 litre

Product Features

- Safe for use in food establishments
- Absolutely no corrosive or harsh fumes
- Biodegradable and environmentally safe
- Easy to use

Applications

Enerterra HC can be used full strength or diluted up to 10:1 for removal of water scale found in industrial heat exchangers.

Used On

Stainless Steel
Quarry Tiles
Copper
Concrete & Brick

Terrazzo
Aluminum
Brass

* VOC's (Volatile Organic Compounds): In addition to contributing to ozone and smog formation, VOC's can have direct adverse effects on human health. Many VOC's have been classified as toxic and carcinogenic and it is therefore unsafe to be exposed to these compounds in large quantities or over extended periods of time.
