NL-102

Heavy Duty Foaming Detergent

• *Loosens and removes heavy residues* • *Improves rinsing*

Description

NL-102 is a heavy duty liquid foaming cleaner designed for circulation, spray and pressure spray for wineries, dairy, and food processing plants. NL-102 readily penetrates, loosens and removes heavy residues and is highly effective on protein soils. Its extra thick, long lasting foam provides powerful cleaning action, and it is effective in the hardest waters.

Sizes: 4x4 litre, 20 litre, 210 litre, 1000 litre totes

Product Features

- Accepted for use by the Canadian Food Inspection Agency (CFIA)
- Rapid attack and removal of organic stains and protein soils
- Can be automatically controlled and dispensed
- Improves rinsing
- Helps control stone and mineral films
- Prevents pump cavitation and ensures full pipeline circuits
- Leaves no water films and requires minimum acid cleaning cycles

Applications

Food Processing Plants
Wineries
Bakeries
Dairy Plants
Poultry Farms

Physical Properties

Appearance:	Pale Yellow Liquid
Odour:	Mild
PH:	(1% solution) 13.2 +/- 0.05
Average Specific Gravity:	1.27
