

# TIE Surface Cleaner & Disinfectant

*Environmentally Safe • Biodegradable • Phosphate Free • No Impact on Aquatic Life •*

## Description

---

TIE is a registered hospital grade disinfectant approved for no-rinse use in operating rooms, NICU's and on medical equipment. It is 100% safe, will not burn skin or eyes and is a more efficient and effective method for killing microbial pathogens than chlorine bleach. This product is DIN registered with Health Canada.

---

## Product Features

- Has NO harsh chemicals such as bleach.
  - Clear, odorless disinfectant for use on non-porous surfaces.
  - Breaks down to saline solution.
